

Beauty is a chameleon.

She can wear the deep pigments of a Renaissance painting or the unfolding petals of a peony. This versatility is what makes one attractive home different from the next. Your vision of beauty becomes reflected in every aspect of your home and can begin at the front door. The question is this: Will it be a handcrafted statement of aesthetic individuality? With a Custom Fiberglass door, the answer is yes.

Cee

In the hands of JELD-WEN artisans, fiberglass is transformed into exceptionally beautiful doors.

These doors feel and look like solid wood (even down to the knots and cracks). To enhance them, we offer luxurious woodgrain finishes and paint colors, sparkling glass options, and charming hardware options to support any design preference and architectural style. The combination of options you select allows you to enjoy a customized look. Whatever you choose, the resulting masterpiece will endure year after year.

About our featured doors: To find out more about the doors featured on pages 2–6, please see the index on page 75.

RELIABILITY *for* real life®

JELD-WEN® Custom Fiberglass doors will consistently stand up to any climate—hot or cold, wet or dry—yet they look virtually indistinguishable from solid wood and come with a Lifetime limited warranty and a 5-year limited warranty on finish. This makes them the most unique fiberglass doors available today. In fact, they're the world's finest. We've created these reliable and remarkable doors in many architecturally inspired designs and with a vast range of options, which allows you to make our artistry your own.

LIFETIME
LIMITED
WARRANTY

AUTHENTIC OPTIONS

We created options with our Old World Collection door designs especially in mind. They enhance the visual appeal of any design, while giving the door an architecturally authentic look. A sampling of these options is shown here. Please see pages 58–65 for the full range.

Speakeasies
For door designs with speakeasies, we offer a range of grilles to highlight this distinctive feature. Matching sidelight grilles are also available.

Antique finishes
Especially ideal for our Old World designs, these finishes provide an aged look that enhances the woodgrain's pattern.

Straps
These accents have a hand-forged look, which adds character to a door's rails, corners or radius components.

Clavos
Select clavos for the look of bolt heads used in Medieval and Renaissance architecture. They have a handmade look.

Distressing
This technique adds character marks to doors and sidelights for a charming, rustic appearance.

OLD WORLD COLLECTION

With their unique charm, it's no wonder that door designs in this collection are some of our most popular. They are crafted to reflect the timeless enchantment and visual warmth of Old World aesthetics, so they're sure to enhance new and existing homes alike. These doors are available with beautiful stain colors in Knotty Alder and Mahogany woodgrains, with rustic hardware and decorative accents, and glass inserts that can be customized with different designs, glass types and coming. To review these options, please see pages 58–65.

CRAFTSMAN COLLECTION

Perfectly complement a Craftsman, Shaker or Mission style home with the authentic designs in this collection. These designs include many of Craftsman architecture's defining features, including bold, clean lines with simple flat panels and non-profiled sticking. Options include architecturally inspired shelves, Oak and Mahogany woodgrain finishes or paint colors, and glass inserts, which can be customized with your choice of designs, glass types and coming. To review these options, please see pages 58–65.

DECORATIVE GRILLE DOORS

Our decorative grille door and coordinating sidelight designs infuse any entry with a unique sense of elegance. Each of these doors features a single lite with a decorative grille. A range of grille designs is available to suit various architectural styles, and they're available in the Knotty Alder or Mahogany woodgrain finish or paint color you choose. For availability, check with your local JELD-WEN dealer or sales representative.

PATIO DOORS

We create some of the best fiberglass patio doors with simulated divided lites (SDL) available today. Each one of our SDL patio doors features a classic true divided lite appearance that requires virtually no maintenance, and these doors come in designs to match or coordinate with our other exterior doors. Patio doors are available with a vast variety of glass types. Please view our standard glass selection on pages 62 and 63.

FOLDING DOOR SYSTEMS

We're pleased to provide a radiant new option for your home—our folding door systems. These systems operate accordion-style, which means each section slides on an overhead track and neatly folds away for full access to the indoors or outdoors.

Folding door hardware

Standard hardware finishes include Brushed Stainless Steel and Oil-Rubbed Bronze.* Optional finishes are also available. The sill is a bronze anodized combination. It is also low-level for ease of access.

Folding door configurations

The exterior folding door systems we create are truly customizable, because they're available in several configurations, ranging from two to eight leaves (depending on the opening width). Special order options include door heights up to 9'10". We offer widths up to 48' (for doors opening from the center with a properly engineered header).

Standard size guide

Number of doors	Door configuration
2	2L or 2R
3	2L1R, 1L2R, 3L or 3R
4	2L2R, 3L1R, 1L3R, 4L or 4R
5	4L1R, 1L4R, 3L2R, 2L3R, 5L or 5R
6	5L1R, 1L5R, 4L2R, 2L4R, 3L3R, 6L, 6R or 3L3R90
7	6L1R, 1L6R, 5L2R, 2L5R, 4L3R, 3L4R, 7L or 7R
8	6L2R, 2L6R, 5L3R, 3L5R, 4L4R, 7L1R, 1L7R, 8L or 8R

Please note, all units are outswinging

*Please note, Oil-Rubbed Bronze will change in appearance over time.

RELIABILITY for real life®

ENCHANTING CHOICES

Once you've selected a door design that's ideal for your entry, you can ensure architectural authenticity and add individuality with our ample aesthetic options. These options include distinctive woodgrain species in several finish colors, versatile paint surface colors, brilliant glass types, and a range of exclusive hardware accents. The combination you choose will make your entry door like no other.

ELEGANT VERSATILITY

Woodgrain stain colors

We offer three distinctive woodgrain species, in a range of finishes, for each door we make. Doors in our Craftsman Collection and Classic Collection are available with Oak or Mahogany woodgrain; in our Old World Collection, decorative metal grille doors, nearly all patio doors and folding door systems are available with Knotty Alder and Mahogany woodgrain. For all collections; select door designs are available in Douglas Fir. Please see your representative for details.

Antique finishes

We offer antique finish colors for our door designs. This look is achieved through a multistep process that begins with applying a base stain for basic, overall color. Next, a dark brown or black stain (depending on the base color) is applied between the mouldings, panels and character marks to highlight these areas.

Distressed texture

Doors in our Old World Collection are available with a distressed surface texture, which gives the doors an aged appearance. To create this texture, we simulate random wormholes and apply character marks to the door's stiles, rails, panels and mouldings. To accentuate these marks, we recommend Knotty Alder woodgrain and an antique finish.

BRILLIANTLY DESIGNED

Glass types

A wide array of glass types are available, and each one offers its own attractive texture, pattern or color. This glass will not only enhance your chosen door, sidelights and transoms, but will also add radiance to your entire home. Select any glass type for our standard designs or for a custom creation. In fact, any design is possible within the size and shape of our glass inserts.

Caming

In any glass design, caming is the metal bonding material that fuses individual glass pieces together. This assembly is done by hand, using your choice of Bright Brass, Polished Zinc or Patina caming. Glass with Bright Brass or Polished Zinc caming is triple glazed to protect the finish. Glass with Patina caming can be either single or triple glazed.

CHARMING DETAILS

Decorative metal accents

With decorative metal accents, our Old World Collection doors have an especially charming appearance. These accents include corner, rail and radius straps; diamond and round clavos; door, sidelight and speakeasy grilles in various grille patterns; and a door knocker with an aged look. Each one is available in either Rust Patina or Dark Patina.

**Not all designs are available in every woodgrain option or size.

Hinge options

Our solid brass concealed-bearing hinges are available in four different finishes, so you can choose one to match or complement the other hardware on your door. If you select Oil-Rubbed Bronze, please note that its appearance will change over time.

Decorative tips

For added character, select our decorative hinge tips. They're available in three shapes, and each shape comes in any of our hinge finish colors.

Entry locksets

Visually appealing lock hardware is available for any of our entry doors. This hardware is created with only the finest materials, and it's available in a range of styles for either right-hand or left-hand doors. Each lockset includes an exterior escutcheon plate, mortise lock, interior escutcheon plate and your choice of knob or lever for the interior (depending on the model).

CREATING LONGEVITY

Every JELD-WEN® Custom Fiberglass door begins as two detailed fiberglass skins, which are created in molds made from our Custom Wood doors. These skins are made with our exclusive Strata™ technology, which incorporates multiple layers of resins, tinted resins, base colors and reinforcing materials for greater structural strength. Next, the skins are adhered to engineered wood frames with our exclusive core materials and bonding agents that permanently lock the skin to the frame. The skins are not only durable but also authentic in appearance.

6. Flat panel
7. Non-profiled sticking

The core

In the fiberglass door industry, our PolyMicro foam core technology is a first. It not only gives each door a dense, solid feeling, but the unique core material also prevents the skin from delaminating. The core is permanently bonded to the skins and frame, so it becomes an integral part of the structure, which keeps the doors from warping.

Prefinishing

For lasting beauty, each door is made with the Permalane prefinishing system. During this comprehensive process, layers of specially formulated grain filler and UV-protective stain coats are applied. These stain coats are encapsulated in the final protective top coat, which is created to withstand extreme environments. Our skilled artisans control airflow, temperature and humidity throughout the entire process for an exceptional finish that will protect and enhance the beauty of our doors.

RELIABILITY for real life®

JELD-WEN® INTERIOR AND EXTERIOR DOOR SLAB AND SYSTEM LIMITED WARRANTY

OUR WARRANTY TO YOU...

JELD-WEN® Products¹ are designed to create lasting value for your home. This warranty is effective for JELD-WEN products manufactured on or after **July 1, 2010** for use in the United States and Canada. Separate warranties apply for our garage door collections. Any previous warranties will continue to apply to products manufactured by JELD-WEN prior to this date. For additional information, including care and maintenance information refer to www.jeld-wen.com or www.jeld-wen.ca.

What This Warranty COVERS

We warrant to the original owner² that if your JELD-WEN Product exhibits a defect in material or workmanship within the time periods from the date of purchase as specified below, we will, at our option, repair, replace or refund the purchase price of the Product or component part.

Owner-Occupied Single-Family Residence Limited Warranty

Fiberglass Door Slabs: We warrant our fiberglass door slabs for as long as you own and occupy your residence.

Steel Door Slabs: We warrant our steel door slabs for **ten (10)** years from the date of initial purchase.

Wood Door Slabs: We warrant our wood door slabs for **five (5)** years from the date of initial purchase.

Interior Door Slabs: We warrant our interior door slabs for **five (5)** years from the date of initial purchase.

Factory Prefinish: We warrant the factory-applied prefinish on our doors against peeling, checking, or cracking for periods listed below. Should the factory prefinish be proven defective, we will at our option, replace or refinish the door or pay up to credit per opening to the current owner. (Note: this coverage applies to factory-applied finish coat options only; standard factory-applied primer is not a finish coat.)

Product	Coverage	Refinish Credit
Aurora® Fiberglass Doors	5 years	\$350 per opening
Custom Exterior Wood Doors	1 year	\$250 per opening
Custom Interior Wood Doors	1 year	\$150 per opening
Authentic Wood Doors	1 year	\$100 per opening

Door Frames: We warrant our door frames for **one (1)** year from the date of purchase.

AuraLast® Protection for Door Slabs and Frames: Our AuraLast pine wood door slabs will be free from wood cellular structure failure (often referred to as "wood cellular breakdown") caused by decay and/or termites for **twenty (20) years** from the date of initial purchase. Our AuraLast pine door frame components will be free from wood cellular structure failure caused by decay and/or termites **for as long as the original consumer owns the home** in which the AuraLast wood frames are originally installed. Warranty coverage outside Canada, the contiguous 48 states and Alaska is contingent upon approval from the JELD-WEN Customer Care Department. Please contact us.

Commercial Limited Warranty (Other than Owner-Occupied Single-Family Residence)

Fiberglass, Steel, Wood and Interior Door Slabs: We warrant our door slabs for **five (5)** years from the date of initial purchase.

All Other Products, Components, Prefinishes, and Options as Listed Above: Coverage is the same as for Owner-Occupied Single-Family Residences as listed above.

Transferability

This warranty is not transferable.

How to Get Assistance

If you have a problem with your JELD-WEN Door, immediately upon discovery, contact the distributor or dealer from whom you purchased our product or contact us directly:

In the United States:	
Mail:	JELD-WEN Customer Care Attn: Door Warranty Claims P.O. Box 1329, Klamath Falls, OR 97601
Phone:	800-JELD-WEN (800-535-3936)
Fax:	800-436-5954
Email:	CustomerServiceAgents@jeld-wen.com
In Eastern Canada:	
Mail:	JELD-WEN Service Department 90, rue Industrielle Saint-Appollinaire, Quebec, Canada G0S 2E0
Phone:	800-463-1930
Fax:	888-998-1599
In Western Canada:	
Mail:	JELD-WEN Service Department 550 Munroe Avenue Winnipeg, Manitoba, Canada R2K 4H3
Phone:	888-945-5627 204-668-8230
Fax:	204-663-1072
Email:	wpgservice@jeld-wen.com

We can respond quickly and efficiently if you provide the following: a) date and location of purchase, or product identification from the tag on the top edge of the slab, b) how to contact you, c) the address where the product can be inspected, and d) a description of the apparent problem and the product (photographs are helpful).

What We Will Do

Upon receiving your notification, we will send out an acknowledgement within three business days to the contact, which you have provided. We will investigate your claim and will begin to take appropriate action within **30 days** after receipt of notification. If it is determined that the product does not have a defect covered by the warranty, we may charge an inspection fee for an on site inspection that is required or requested by you. If we determine that there is in fact a defect we will repair the product, ship a replacement product to the distributor or person making the claim in the same specification as the original product sold to the distributor, or refund the original purchase price paid to us. Replacement components/products are warranted for the balance of the original product warranty or **90 days**, whichever is longer. This warranty gives you specific legal rights, and you may have other rights that vary from state/province to state/province.

Continued on next page

If the claimed nonconformity is warp of a door slab, we may defer repairing or replacing the door slab for a period up to **twelve (12) months** from the date of claim. It is not uncommon for a temporary warp condition to occur as the door slab adjusts to local humidity and temperature conditions. This deferral will not be counted against the warranty period.

What This Warranty Does NOT Cover

JELD-WEN manufactures and sells both individual door slabs and complete door systems. This warranty does not cover parts or components (e.g., locksets, handles, etc.) not sold by JELD-WEN to the original owner. See your distributor or dealer regarding the warranty on the entire door system and/or these other components.

We are not liable for:

- Normal wear and tear, including normal wear and tear of weatherstrip; and natural weathering of surfaces or variations in the color or texture of wood or finish; surface cracks that are less than 1/32" in width and/or 2" in length; for knotty alder and juniper: surface checks that are less than 1/8" in width and/or 5" in length, and knot placement, quantity, or size.
- Problems due to misuse or abuse; failure to follow the care and maintenance instructions; or as a result of any cause beyond our reasonable control (e.g. fire, flood, earthquake, other acts of nature, and acts of third parties outside of our control).
- Problems related to: improper field finishing of all surfaces (front and back) and edges (top, bottom, and sides) of the door slab and frame (See our Finishing Instructions at www.jeld-wen.com/resources); variation or unsatisfactory results in sheen or texture resulting from the field application of paint or any other finishing material.
- Failure to provide an adequate overhang for exterior doors; damage caused by extreme temperature buildup where storm doors are present. For general guidelines, see our "Appropriate Protection for Exterior Doors" in our product literature or at www.jeld-wen.com/resources; for specific information pertaining to your structure, consult your contractor or other building professional.
- Warp for any 3'6" wide by 8'0" high by 1 3/4", or smaller door slab, which does not exceed 1/4" in the plane of the door slab itself; door slabs wider and/or higher are not guaranteed for warp.
- Bow or misalignment in the frame or jamb in which the door slab is hung (if such is purchased from JELD-WEN unmachined and not prehung).
- Slight expansion or contraction due to varying environmental conditions; slab movement (shrinkage or swelling) of 1/4" or less due to temperature and humidity, consult our Care & Maintenance documents on how to work with this natural movement.
- Wood cellular structure failure for wood components other than of AuraLast pine and any components (including pine) that come in direct contact with soil. Note: superficial mold/mildew does not indicate wood cellular structure failure.
- Problems related to water and/or air infiltration due to improper assembly; installation errors or flaws in building design and construction; installation must be in strict conformance with the installation instructions provided by the manufacturer of the door entry system.
- Structural integrity issues or other problems caused by improper field fitting of the hardware, improper sizing of the door slab, or other assembly problems.
- Damage or poor product performance resulting from installation into a condition that exceeds product design standards and/or certified performance specifications and/or does not comply with applicable building codes.
- Hardware or inserts that are not provided by us, such as locksets, door handles, strikes, etc.
- Discoloration or rusting of decorative metal accent options, such as grilles, clavos, straps, etc.; discoloration of wood sills provided by us.
- Cost for labor, removal or disposal of defective product(s), installation or finishing of the replacement door or component.
- Incidental or consequential damage. Some states/provinces do not allow the exclusion or limitation of incidental or consequential damages, so this may not apply to you.

Important Legal Information

This Limited Warranty document sets forth our maximum liability for our products. We shall not be liable for special, indirect, consequential, or incidental damages. Your sole and exclusive remedy with respect to any and all losses or damages resulting from any cause whatsoever shall be as specified above. We make no other warranty or guarantee, either express or implied, including implied warranties of merchantability and fitness for a particular purpose to the original purchaser or to any subsequent user of the product, except as expressly contained herein. In the event state or provincial law precludes exclusion or limitation of implied warranties, the duration of any such warranties shall be no longer than, and the time and manner of presenting any claim thereon shall be the same as, that provided in the express warranty stated herein. This Limited Warranty document gives you specific legal rights, and you may have other rights that vary from state/province to state/province.

No distributor, dealer or representative of JELD-WEN has the authority to change, modify or expand this warranty.

¹"JELD-WEN Products" shall refer to interior and exterior door slabs and systems manufactured in the United States and marketed under the JELD-WEN brand name for use in the United States and Canada. See our separate Export Warranty for applicable coverage on products used outside the United States and Canada.

²This warranty extends to the original owner (original owner means the contractor/dealer/distributor/purchaser and the initial owner of the structure where the product is initially installed) and is not transferable. The original purchaser of this product acknowledges that they have read this warranty, understand it and are bound by its terms and agrees to provide this warranty to the original owner of the structure into which the product is installed. Should state or provincial law preclude no transferability, then the warranty period is effective as applicable up to **five (5) years** from the date of initial purchase for door slabs and systems and **one (1) year** from the date of manufacture for the factory pre-finish.
